## CHEST CAMPAIGNERS TO MAKE FURTHER REPORTS AT CATHEDRAL TONIGHT

Army Of Solicitors To Bring  
In Second Report In  
Drive For \$70,000

HOPEFUL OF GOAL  
BEING ATTAINED

Much Work Has Been Done  
By Canvassers Since  
Monday Night

At the Cathedral tonight the citizen-solicitors of the 1933 Community Chest campaign will take stock of two more days of solicitation to determine how near to the subscription goal of \$70,000 their canvassing has taken them. Dinner is scheduled for 6:15 o'clock.

40 Per Cent Unsubscribed  
Last Monday the chest scorecard showed that \$43,516 of the total had been subscribed. That figure, including the additional \$68.19 which an official audit of Monday's reports revealed, represents over 60 per cent of the pledges necessary to put over the drive in behalf of eight welfare and medical groups here.

While an optimistic note was sounded in the comments of General Chairman Fred L. Rentz and other leaders, none spoke a definite word that gave assurance the city-wide campaign would reach the \$70,000 figure tonight. But the drive directors, like the team workers, are hopeful the quota will be filled.

Challenged at the Monday night dinner to go forward to subscribe the additional \$26,484 that is needed, the enthusiastic workers, after devoting their spare-time hours to their task on Tuesday and today, assemble tonight confident that most of the unsubscribed figure will be considerably less.

There will be no definite program for the rally this evening, except for the period which will be devoted to the collection of funds.

## PA NEW C OBSERVES

An old hunter and nature lover here gives an interesting recital of how the grouse mates, preventing inbreeding among flocks. In October, the month of the mad moon, as the Indians called it, the young male grouse leaves the flock and flies about until exhausted. He then finds a drumming log and drums at intervals, both night and day, until a flock is collected to spend the winter together. During this period the young male grouse in his flight seems crazed and often flies through windows, and into barnyards among the chickens. Many are killed in their flight, by striking against obstructions.

The presidents of the various sections of the Needlework Guild, under the supervision of the county president, Mrs. W. E. Ferver, are hard at work preparing for an exceptionally large ingathering of new garments for the needy in the Casket Hotel on November 9 and 10. They are gaining many new memberships, the cost of a membership being two new garments to be used in their welfare work. Any member of the Guild can enroll new members and this winter many whole clubs of women are joining in a body. It seems the need for this work is heavier than usual this fall.

Employees of the New Castle Street Electric Railway Company early this morning placed sand on the tracks.

## Daily Weather Report

U. S. weather statistics for the 24-hour period ending at 9 o'clock this morning follow:  
Maximum temperature, 64.  
Minimum temperature, 41.  
Precipitation .01 inches.

Statistics for the same date a year ago follow:  
Maximum temperature, 62.  
Minimum temperature, 37.  
Precipitation .57 inches.

## TONIGHT'S THE NIGHT!

The Community Chest Workers meet at 6:30 this evening at the Cathedral.  
It would be grand if the amount needed could be reported raised at this meeting.  
It would save a lot of time and expense.  
There are still many people who have not subscribed and many who could give far more.  
If this drive goes over the top it will be one of the best advertisements New Castle has ever had.  
I'll be seeing you tonight!

FRED L. RENTZ, Chairman.

## Young Girl Shatters Escape Proof Ideas About Prison Island

(International News Service)  
SAN FRANCISCO, Oct. 18.—A pretty 17-year-old girl today told of her "escape" from San Francisco Bay's famed Alcatraz Island, selected by the federal government as a "devil's island," because "swift cold currents that swirl through the Golden Gate" make it virtually escape-proof.

"It was easy. I could do it again anytime," commented the attractive "escapee," Miss Anastasia "Babe" Scott, former high school athlete, after she had written the new page in Pacific coast swimming history.

"I'd been planning this swim for a year," the pretty Miss Scott smiled. "It looked like a good day—so, I jumped in."  
"I battled a strong flood tide the entire distance, but it wasn't hard, although the water was cold and there were riptides around the island to San Francisco in 43 minutes, employing slow easy strokes. She wore a one-piece black silk suit.

Daughter of a staff sergeant at the army disciplinary barracks on Alcatraz Island, Miss Scott was the first woman ever to swim the difficult channel. Less than six men have made the swim, according to island records.

## No Work For Some Strikers

Many Of Strikers Are Turned Back; Plant Announces No Work

MORE COAL MINERS  
RETURN TO JOBS

(International News Service)  
PITTSBURGH, Oct. 18.—The "back to work" movement of striking coal and steel employees today was only partially effective.

At Weirton hundreds of strikers expecting to return to work in the plant of the Weirton Steel Company were turned back with the instructions: "Go home; we'll call you when there is work for you."

Women from sorting rooms in the Weirton mills said they had also been turned back, but that women who worked during the strike were busy.

State police were still on duty, with no indication that withdrawal orders will be sent out soon.

More Miners Resume  
In the Fayette county mine field the strikers' "holiday" dwindled more perceptibly as half a dozen mines, three of them large operations, reopened.

Picket lines still maintain their vigil at the "captive" mines. Only a few wild shots fired into the air were reported from the Colonial district. This was the only disturbance in the field.

One mine in Green county reopened.

Clean-up men were sent into the Thompson pit of the Hillman Coal and Coke Company, indicating that tomorrow might see reopening of this Fayette county pit.

Two tellers, Paul Paxton and Clayton Morford, and two customers, George Reinhardt and Ernest Heckman, were lined up against a wall and held at bay at gunpoint while the bandits looked the bank safe.

After scooping up all but \$2,000 which they overlooked, the gunmen forced the four victims into a back room and fled.

## Two Children Burn To Death

Gasoline Station And Home  
At Greenbrook, N. J.,  
Destroyed

FIRE STARTED BY  
EXPLODING PUMP

(International News Service)  
PLAINFIELD, N. J., Oct. 18.—Two children were burned to death today in an explosion and fire which destroyed the gasoline station and home of their parents, Mr. and Mrs. Fred Buretti at Greenbrook, near here, one of the children was a week-old girl and the other a boy, one year old.

The explosion occurred in one of the gas pumps and blazing gasoline spewed over the building in which the Burettis live on the second floor. With the stairs a wall of flames, the father of the family jumped out of the second story window and obtained a ladder with which he rescued his wife and the twin brother of the boy who was killed. When he returned for the other children, he was beaten back by a blast of flames.

## ROSE POINT BRIDGE WILL BE REPLACED

County commissioners announce that there is fair prospects of an early start by the state highway department on the erection of a new bridge across the Slippery Rock at Rose Point. The commissioners have been asked to secure the right of way over a small section of land to be taken, and to provide for a detour.

The old bridge will have to be torn down before the work is started, and as the expense of erecting a temporary bridge would not be justified, a detour is the only solution. It is probable that the detour will be by way of Harlansburg to the Perry Highway.

The present Rose Point bridge is too narrow for two way traffic, and being located at the bottom of hills on either side, it is a traffic hazard. Several accidents have occurred recently at the bridge.

The new bridge will not be on the present location of the old one, but the exact location has not yet been determined.

## WILL ROGERS says:

(Special To The News)  
BEVERLY HILLS, Cal., Oct. 18.—In order to see what little information I can pick up during these "loco" days, I talk and ask questions of everyone I meet.

Yesterday I ran onto a fellow who had hitch-hiked his way out here from New York; rather dignified looking old bird, but kinder down at the heels. He gave me about the most information I have had. He hopes they won't inflate, in fact, hopes they announce they will soon go back on gold, then everybody will know what their money is worth; had optimistic hopes of our future; thought too many people, both large and small, looked too much to the government to fix their troubles and do nothing themselves.

He wasn't sore at the world and had a good word for everybody. As I let him out of my car to catch a ride with someone else, I asked his name; said his name was Baruch, Bernard Baruch. So pick up all old men you meet. Some of 'em are mighty smart.

## Warehouse Of Feed Company Gutted By Fire

\$35,000 Loss Is Sustained By  
John S. Brown's Son  
Early This Morn-  
ing

BLAZE DRIVES  
FAMILIES OUT

Firemen Prevent Flames  
From Destroying Build-  
ing On Allen Street

Fire of undetermined origin caused a loss of \$35,000 at 4:15 this morning, gutting the warehouse of John S. Brown's Son Feed Company at 708 Allen street, and endangering the lives of three families who resided in apartments in the front end of the building, a three story brick structure. The loss to the building and contents of the warehouse is covered by insurance.

The blaze was discovered by Cecil Carnes and Joe McCaskey, who reside in the immediate neighborhood. They turned in an alarm from box 45, summoning firemen to the scene, and roused the occupants of the building, who fled to safety.

Mr. and Mrs. W. M. Agnew, who resided in the rear apartment on the third floor, had difficulty in getting out of the structure, groping their way to safety through the smoke-filled hallways.

Members of the family of John C. Brown, owner of the building, who with the family of Harry Sanford, resided in the front apartments on the second floor, were able to get out more easily.

Just as firemen arrived on the scene, and before they had entered the building, smoke which had accumulated in the rooms and hallways, who fled to safety.

The fall should be a golden time, when colors paint the trees and shocks, when sunsets gild the western hills and mountains look like college socks. The autumn should be full of vim, of air that cuts like some old wine, no rain, no snow, no leaden skies, just weather that is clear and fine. Instead of that what have we got, days that resemble early spring, and all we have to make it so, is just to hear some robin sing. I have a hunch that fall has been philandering that's why I say, this fall's like spring with rain and wind, the weather's 62 today.

# RETAIL PRICE FIXING UP TO ROOSEVELT

## Await Decision On Big Problem

Economists Are At Odds On Question Of Price Fixing Plan

### RETAILERS FAVOR "STOP LOSS" FEATURE

(International News Service)  
WASHINGTON, Oct. 18.—It was squarely up to President Roosevelt today to decide the most important issue yet raised by the recovery program—should minimum price-fixing be permitted in the master retail code?

As outlined by Recovery Administrator Hugh S. Johnson, the president finds himself in the following circumstances:

All the six major retail trade associations, representing more than 95 percent of the nation's 1,500,000 retailers, demand the present cost plus 10 percent "stop loss" provisions be retained in the code.

Johnson, as National Recovery administrator, has recommended the provisions be changed to forbid sale of merchandise at less than invoice cost, instead of 10 percent above cost.

**Oppose Program**  
All the "super-economists" of the research and planning divisions of the NRA, however, oppose both the cost plus and the invoice cost "stop loss" suggestions, claiming it is dangerous to "introduce the element of price inflexibility in the retail trade."

The problem thus is purely one of economic "safety." The economists, Johnson and the retail trade associations are agreed that "predatory price cutting" must cease in the retail trade. The president and Johnson have been told that most of the 400,000 retailer bankruptcies since the depression began were due to cut-throat price competition.

Johnson said George N. Peek, agricultural adjustment administrator, had agreed to "accept the 'invoice cost stop loss' method of preventing price cutting in the retail and wholesale food and grocery code, now being written by the AAA.

"The farmers objected strongly to the principle of setting prices on a cost plus basis," Johnson said.  
In its present form the food and grocery code contains the cost plus provisions in the form of "mark-ups." Wholesalers were to sell food and groceries at no less than a two and a half percent markup and retailers at no less than seven and a half percent. Agricultural Administrator Peek will alter these provisions, however, only after President Roosevelt decides what to do about similar provisions in the general retail code.

## Approve Plans For New School

Wayne Township Board To Make Application For Federal Loan At Once

At their meeting last evening members of the Wayne township board of education approved the preliminary plans as submitted by Architects Thayer and McCandless, and authorized their solicitors, Aiken and Graham, to go to Harrisburg to negotiate a loan for the purpose of constructing a consolidated school in the township.

The plans call for construction of a 12-room structure, L. H. Thayer of this city and B. J. McCandless of Ellwood City being the architects in charge.

The preliminary plans will be submitted to the federal government through the state board, as soon as possible, in order that the loan may be secured and work started on the structure as soon as possible.

ways on the second floor ignited, blowing out the windows and showering those in the vicinity with broken glass. None was injured, however. The force of the explosion was great enough to hurl the window curtains from one of the rooms onto the roof of a nearby home.

When firemen arrived the entire rear end of the structure, used as a warehouse for storing grain and feed, was a raging furnace, and a second alarm was turned in, summoning additional departments to the scene.

### Firemen Check Blaze

The firemen were successful in checking the blaze before it had spread to the front end of the building, and after a three-hour fight extinguished the fire. The rear end of the structure was gutted, however, and the entire contents of the warehouse are a total loss.

The loss on the contents was placed at around \$25,000 by Fire Chief H. Clare Stockman, with a loss of approximately \$10,000 to the building.

Mr. Agnew's loss on the contents of the apartment where he resided was around \$1,000, but was not covered by insurance, the policy having expired but a short time ago, he stated.

One apartment on the third floor was not occupied, but some furniture which belonged to the Brown family, which was stored there, was damaged by smoke and water.

The loss in the apartments on the second floor was caused chiefly by smoke and water, while the contents of the apartment of Harry Hite on the first floor sustained little damage.

### Fire Is Spectacular

The blaze was a spectacular one and attracted a great number of people from the immediate vicinity. Firemen did an efficient job in preventing the blaze from spreading throughout the building, checking the blaze just as it was on the point of entering the front end of the structure, where the apartments were located, and driving it back into the rear end again.

Had the firemen been in the structure when the smoke, turning into gas, ignited, a loss of life might have resulted.

Howard O. Brown, a member of the firm, stated that a carload of corn had just been received and placed in the building yesterday. In addition there was a quantity of other grains and feed stored in the structure, all of which is a complete loss.

## National Labor Board Sets Up Peaceful Era

Peaceful Mediation Of All Labor Disputes Follows Labor Board Action

## STEEL COMPANY STRIKES SETTLED

(International News Service)

WASHINGTON, Oct. 18.—NRA officials today found reason to believe that the national labor board's success in ending the strikes at National Steel Company plants had ushered in a period of peaceful mediation of all labor disputes.

Recovery administrator Hugh S. Johnson represented the steel industry as being "ready at any time" to step in and settle the delay United Mine Workers officials are experiencing in working out wage agreements with the steel company operators of "captive" mines.

The question of whether the National Steel Company will be forced to "recognize" the amalgamated association of iron, steel and tin workers in its West Virginia and lower Ohio plants has been postponed to the second week of December, when an "impartial" election of representatives for the workers will be held.

More previously recalcitrant western Kentucky coal operators were expected to submit finally to mediation by the labor board in their dispute with United Mine Workers members. Two of the companies back-tracked on this subject yesterday. Nine more remain to be heard from.

## Defendant Awarded Verdict In Case

In the case of John Blasco against Donald R. Painter of Scott township, which was tried before Judge James A. Chambers in county court, the jury returned a verdict in favor of the defendant. The case was one in which Blasco sued to recover a balance alleged to be due for wages as a farm hand. Painter contended that he had paid Blasco more than he was worth, and in reality that he was not worth his board as a farm hand, as he did not understand that kind of work. Under the verdict Painter will not have anything to pay.

## Deaths of the Day

Edward Welty.

Edward Welty, one of the few remaining Civil War veterans of this district, passed away at 7 a. m. today after an illness. He had been in poor health for some time, but had only been in a serious condition for about two weeks.

Mr. Welty saw service in the Union army for approximately 18 months and during that period had the unusual experience of having come in personal contact and conversation with President Lincoln. He enlisted February 24, 1864, in Westmoreland county and was mustered into Company L, 11th Pennsylvania volunteer infantry at Greensburg, Pa., and served until July 25, 1865, when he was honorably discharged. He was wounded May 5, 1864, in the Battle of Spotsylvania. Following the assassination of President Lincoln, Mr. Welty was one of the soldiers selected to guard the body of the martyr president, while it lay in state in Washington, D. C.

He was born in Greensburg, Pa., March 4, 1845, and was in his 88th year. Practically all his life was spent in Irwin, Westmoreland county, until there years ago, when he and his wife came here to reside with their daughter, Mrs. H. W. Houk, of 229 Park avenue. He had been living a retired life for quite a number of years. He had been married 66 years to Adaline Allen Welty, who survives him.

Mr. Welty was a member of the First M. E. church of this city and was a devoted and faithful Christian, a loyal and outstanding citizen and was loved and esteemed here and in his former place of residence, Irwin, Pa., by all those so fortunate as to know him.

He was also a member of Post No. 190, G. A. R. of Irwin, the Royal Arcanum and the Knights of Malta. He is survived by his wife, Mrs. Adaline Allen Welty, and one daughter, Mrs. Hiram W. Houk, with whom he resided.

Short funeral services will be conducted Thursday, October 19, at 7 p. m. at the late residence, 329 Park avenue, with Dr. Norris A. White, pastor of the First Methodist Episcopal church, in charge, after which the body will be taken to Irwin, Pa., where it will lie in state at the home of V. V. Rodgers in that place, until Saturday morning at 10 a. m. when further services will be held in the First Methodist Episcopal church of that place. Interment will be made in the Irwin, Pa., cemetery.

### Hitler Presents Stand.

BERLIN, Oct. 18.—Discrediting rumors that Germany was ready to swing about and re-enter the League of Nations, Chancellor Adolf Hitler today served notice on the world the Reich will participate in no further negotiations until she is "treated as an equal."

In a powerful speech before a convention of party leaders, Hitler spiced foreign hopes Germany might return to the league through the "back door."

"Germany wants peace," he declared, "but is determined not to attend any conference nor enter any league nor to sign any treaty unless she is treated as an equal."

"Germany was never more peaceful than since she turned her back on Geneva. The Nazis do not desire and will not pursue a policy of imperialist expansion, but while rejecting any appliance of force they are fully determined to safeguard Germany's rights."

"My predecessors suffered from what might be called the Geneva disease, which rendered them optimistic toward the league but pessimists regarding Germany. I am just the contrary."

### Mussolini Seeks Support.

GENEVA, Oct. 18.—Premier Mussolini of Italy moved today to revive efforts for world disarmament under his four-power peace pact.

Bearing out International News Service predictions yesterday, this correspondent learned the Italian dictator is redoubling efforts to induce Chancellor Hitler to retract Germany's withdrawal from the League of Nations.

Informed quarters here pointed out that Mussolini was not acting out of any particular interest in or regard for the league.

They said, however, that should Germany give formal notice of her withdrawal from that body, he believes this action would make it almost impossible to "refloat" the founding disarmament efforts in the projected four-power conversations.

## Object To Park's Name On Ballot

Democratic County Committeeman Of Mahoning Township Files Complaint

Jacob I. Stauffer and Elmer Baird of Mahoning township presented a petition to court this morning in which objection was raised to a certificate filed at the county commissioners' office purporting to nominate Harry Park on the Democratic ticket as a candidate for road supervisor in Mahoning township. The nomination was to take the place of the late William J. Edwards, who had been regularly nominated.

It is claimed that the nomination certificate of Park is illegal and incomplete, and that his name should not be printed on the official ballot. Contentions are that it does not contain the affidavit of two citizens who had made affidavit to the original nomination papers of William J. Edwards.

Lee Stauffer, who signed the recommendation attached to the substitute nomination paper, is not a committeeman for the Democratic party in the third precinct of Mahoning township. It is claimed, but on the contrary Jacob I. Stauffer is the committeeman. The recommendation is disapproved by Jacob I. Stauffer on the grounds that substitute certificate was not filed by the parties entitled to execute it.

The court is asked for an order declaring the nomination paper of Park to be void, and directing that the name of Park be omitted from the official ballot.

Judge R. L. Hildebrand set Saturday, October 21st, as a time for hearing.

A scene resembling a giant human beehive was presented today in the Community Chest headquarters, Greer building, where for the past few days and nights the clerical work has continued without interruption. A corps of able young ladies is charged with handling the office work attending a civic campaign of such proportions as this.

Bulletins issued from the office stressed the need for solicitation of "unseen" prospects. It was said that this activity was engaging a large number of the campaigners today.

Published in The News of Tuesday were the names of the "large gifts" subscribers, while in the column of tonight's issue are to be found the subscribers who contributed smaller amounts. Headquarters said several subscription omissions would be published Thursday night.

### MUSICAL TEA A. U. R. EVENT

Beautiful in its simplicity was the musical tea given by the Anna U. Rudeall Girls of the Central Presbyterian church on Tuesday evening in the church parlors at 8:30 o'clock.

Mrs. Clifford M. Propst presented each artist during the musical, the program opening with Mrs. William J. Caldwell, popular soprano of the city, singing "Morning" by Speaks. "In the Luxembourg Garden" by Manning and "The Nightingale has a Lyre of Gold" by Whelpie.

Robert Duff, choir director of the Central church choir, thrilled his audience with his rendition of "The Sailors' Life" by Wilson, "Lindy Lou" by Lillie Strickland and "On the Road to Mandalay" by Speaks.

A group of well selected readings by Miss Marian Hughes were enthusiastically received and she was obliged to respond with an encore.

Miss Lillian Andrews, the possessor of a rich contralto voice, favored her audience with a beautiful group, which included: "Remembrance" by Hamlen, "A Banjo Song" by Sidney Homer, "Reveries" by Shelly and "De Hoot Owl" by Dean.

Miss Hughes was again called on for an impromptu reading and she most graciously responded with a humorous number.

In her unimpeachable manner Mrs. Caldwell again favored the guests with "Beloved, It is Morn" by Ayimard and "Shoes".

Miss Helen Ewing was accompanist of the evening and fulfilled that capacity in her usual able manner.

At the conclusion of the program a delightful tea was in progress. Each small table was centered with an attractive bouquet in a dainty bud vase, and the parlors were beautifully decorated in autumn garden flowers.

Much credit for the success of the affair is due the president Mrs. John F. Walters and her committee, Helen Ewing and Mrs. Clifford M. Propst; social, Mrs. Edgar L. Thompson, Mrs. Anna Paden and Miss Kathryn Lowery.

### NAOMI CIRCLE HAS AFTERNOON LUNCHEON

The dining room of the Highland United Presbyterian church was beautifully decorated Tuesday for the one o'clock luncheon of the Naomi Circle. Fifty small tables were used. In the center of the room was a large round table, with an immense centerpiece of lovely flowers and about this place were arranged for ten charter members of the organization: Mrs. Clarence Fisher, Mrs. J. B. Love, Mrs. Mary Balph, Mrs. H. A. Wilkinson, Mrs. C. Lindner, Grace Woodworth, Mrs. S. S. Sampson, Mrs. W. G. Eckles, Mrs. W. H. Whelan, Mrs. Percy L. Craig and Mrs. J. H. Frew.

The organization held its first meeting October 16, 1903, in the Highland school, about five years before the Highland church was built and through these years they have been active in welfare and church work.

After a delicious chicken dinner had been served the more than two hundred women were invited to the assembly room of the church where a program was presented, this having been arranged by Mrs. A. B. Vogan, Mrs. R. Stadelhofer and Mrs. Thomas Lindsey.

Mrs. W. J. Caldwell sang a group of numbers, accompanied by Mrs. Jay L. Reed followed by a two piano number by Mrs. Reed and Miss Margaret Graham, after which a play was presented by players from Senior High School, under the direction of Miss Clara Hartshill. They presented "The Maker of Dreams" with William Fletcher taking the part of Pierrot; Ruth Shale, Pierrette; and Edwin Harper, the manufacturer.

### MOSERS ENTERTAIN AT DINNER TUESDAY

Mr. and Mrs. J. L. Moser of Spruce street entertained at a very beautifully appointed six o'clock dinner in their home Tuesday evening honoring Rev. and Mrs. C. G. Farr, who will make their home in Grove City after November 1st.

Places were arranged for the honored guests, Rev. and Mrs. J. C. West, Dr. and Mrs. J. A. Galbraith, Dr. and Mrs. Samuel L. Warner and the Mosers.

After partaking of the delicious menu the guests were sitting about chatting and much to their surprise 40 more friends of the Farris who had been extended invitations arrived on the scene at 8:30 o'clock to share the occasion.

A program of entertainment comprising musical selections and readings, was then in vogue. Miss Lavina McConahy and Mrs. C. E. Kamerer favored with a pleasing piano duet and Miss Louetta Nicholson gave two choice readings. In topping off the evening Miss Mary Rowland in behalf of those gathered spoke to the honored ones and telling of the splendid and sincere fellowship shown in all their undertakings. She also stated how much they would be missed in their circle of friends here, who sent with them their best wishes.

Mrs. D. T. McConahy presented Rev. and Mrs. Farr with a handsome gift in remembrance of those surrounding them.

Refreshments were served by the hostess, assisted by Mrs. Fred Moser, Mrs. Carl Moser, Mrs. Charles Nicholson, Mrs. G. T. Tait and Miss Louetta Nicholson.

Branstetter and his Friside Ensemble played the opening group of numbers; Mrs. Madeline Rugh's lovely contralto voice was heard in German selections; Katherine Jane Johnson had a group of monologues; Michael Caruso and his violin were enthusiastically received and the Ensemble closed the program.

Dainty refreshments in keeping with the "Kaffee Klatsch" spirit were served.

## Local C. C. G. Boys Sent To Carlisle, Letter Indicates

Buddy Johns Writes Of Life At  
Busy Camp—Reports  
900 Men There

Stationed with Company I of the Civilian Conservation Corps at Carlisle, Pa., Buddy Johns, New Castle youth who left with the last delegation of foresters, today wrote of his experiences in the short time he has been in camp.

The Carlisle camp, on the outskirts of the city, is quartering 900 men under the direction and command of medical corps of the Carlisle army post. Major Le Baron, Jr., is in command.

"Everything required of a fairly modern city can be found in these barracks," the young forester wrote. "An ultra-modern theatre, recreation halls, athletic fields, including the army football field where years ago Jim Thorpe of Glenn 'Pop' Warner's famed Carlisle Indians displayed his football genius to the world."

Johns' descriptive letter said New Castle is well represented at Carlisle, with others from Philadelphia, Harrisburg, Lebanon, Sharon, Pittsburgh, Erie and other cities.

Just to show what amount of food the 900 foresters consume, Johns said that over 400 pounds of sugar are used in two days' time.

The address of the Carlisle foresters is: C. C. G. Company I Carlisle Barracks, Carlisle, Pa.

## May Not Stock Slippery Rock

Sportsmen Make Request That No Fish Be Placed There

### REQUEST MADE TO STOCK CASCADE LAKE

Andrew Dodds, president of the Lawrence County Sportsmen's association today stated that a representative of the Pennsylvania fish commission is here investigating the condition of the Slippery Rock creek and also announced that the association has requested the commission to take the Slippery Rock creek off the list to be stocked here.

A request that Cascade Park lake be stocked has been made, he added. Catfish, bluegills, and perch, he explained, have already been placed in the lake.

The Slippery Rock Creek has been polluted it is said, since Labor Day. During the summer almost 500 requests to fish at Cascade park lake were made and those with licenses were given the permission.

### Some Reeves Raised At Farm This Year

Hundred Raised For Game Purposes At Jordan Farm Released Last Spring

The hunter who shoulders his gun and takes to wood and plain on the morning of November 1, should not be too surprised if he should come face to face with a Reeves pheasant. It is not likely that many Reeves will be bagged this year, but if those released last spring in Pennsylvania prove prolific enough, this species of game bird promises to take a regular place in the field of sport.

Superintendent V. T. Warfel, of the Jordan State Game Farm, near Harrisburg, states that 100 Reeves were raised last year and shipped out to game protectors for release

in the spring. This was the first allotment to go out and was somewhat of an experiment. This type of pheasant, usually used only for display, is a stronger flier than the ringneck but the hens do not lay until they are two years old.

Whether they will multiply to a sufficient extent to compensate for the trouble of stocking remains to be seen. They inhabit the mountains and hills while the ringnecks stay to the lowlands.

The male Reeves has it all over the ringnecks for looks and the hunter who is fortunate enough to aim and hit will have a nice trophy for his den.

### Convention Here On Saturday

Going up the Cranmer hill he observed a truck proceeding east. The truck sideswiped the car, causing approximately \$50 damage, and proceeded on its way.

Student librarians take charge of the borrowing of books during study hall periods; during lunch hour special weekly committees take charge of chair arrangement, cleaning up, etc.; and

every hour of the day as well as before school, junior and senior commercial students are found in the office to deliver bulletins, mimeograph necessary materials, and type. This is a great convenience for faculty members, and provides good training of a practical nature for the students.

### HEAR MUSIC HOUR

Orchestra and band members are especially interested, although others have shown the desire to profit by and enjoy the special program.

### FACULTY ACTIVITIES

The high school and grade school faculties held their annual autumn get-together at Maplevale. In addition to being a reunion of old friends, the party served as an initiation and welcome for the two new teachers, Miss Crum of the Domestic Science department, and Mr. Ross of the History department.

We find that most of the faculty have been quite busy during the summer doing a variety of interesting things.

Mr. McGarey, Mr. Frederick and Mrs. Frederick attended summer

school at Columbia; Miss McClelland at Penn State; and Mr. Ross at the University of Iowa.

The others seemed to find travel a good way to spent vacation time. Miss Fell spent three weeks in New Mexico. Mrs. Reese went to New York. Mr. Lukarilla to Minnesota. Mr. Martin to West Virginia. Miss Geiger to Nova Scotia. Miss Landman to Canada, and nearly all went to the World's fair.

Roger Thomas, tenth grade student, has been unable to start school due to an injured knee cap, the result of football practice.

### Warns Drivers About Passing School Busses

State Highway Patrolman Sarko, temporarily in charge of the local detail of highway patrolmen warned motorists that if they persist in operating pass school busses in a reckless manner they could look forward to facing an alderman and paying a stiff fine. His warning came today as the result of complaints.

Sarko said he had received complaints from Shenango township school authorities that the lives of school children have been endangered by recklessly operated motor cars passing school busses.

"This has to stop. The lives of the children must be safeguarded. There is no reason for any auto or truck to speed by a school bus and the State Highway patrol will break up this practice," Sarko stated.

He added that the cars have been speeding by the busses which operate on the Ellwood City and Butler highways. However, the highway patrol will not watch these highways but also other highways.

# FIX PENALTIES FOR VIOLATORS OF NRA CODE

## President Issues Enforcing Decree

Fines And Jail Penalties Are Ordered For Violators

### PUNITIVE DRIVE TO BE LAUNCHED

(International News Service)  
WASHINGTON, Oct. 18.—Determined to enforce provisions of the NRA, the administration today embarked upon a punitive campaign against code violators.

The order signed by President Roosevelt fixes fines of \$500 and six months imprisonment against violators of the president's re-employment agreement and authorizes Recovery Administrator Hugh S. Johnson to fix the penalties against persons who fail to live up to the standards of the blue eagle. Violators of the re-employment agreement and those of permanent codes are included within the provisions of the executive order.

The presidential decree provides: "No one shall falsely represent himself to be discharging the obligations or complying with the provisions of the re-employment agreement or of any code of fair competition approved by the president under the national recovery act or any rule or regulation prescribed to carry out the purposes of said act."

May Be Punished.  
"No one shall display or use any emblem or insignia or any reproduction of any emblem or insignia of the national recovery administration contrary to any rules or regulations prescribed by the administration for industrial recovery."

"I hereby authorize the administrator to prescribe such rules and regulations as he may deem necessary."

Violators, the order said, may be punished "by a fine not to exceed \$500 or imprisonment not to exceed six months or both."

A supplementary order signed by Johnson, amplifying the president's decree was also issued. It requires an employer to surrender his blue eagle "when in the judgment of the administrator or his duly authorized representatives any person has failed to comply" with a temporary agreement or permanent code.

## Auto Burned In Unusual Manner

Grove City Man Loses Machine Which Takes Fire While Being Transported

GROVE CITY, Oct. 18.—The series of incidents by which H. M. Brumbaugh lost a new coupe, through fire make a tale that is at least unusual.

The Brumbaugh Transit Co., is changing its headquarters from Grove City to Cleveland. At the last, Mr. Brumbaugh discovered that he had a truck and his new car to take Cleveland, and no extra driver. He solved the problem by loading the car on the truck and driving away.

As he passed the East End Fire Company in Mercer, two of Mercer's fire ladders, noted smoke issuing from the coupe. They stopped Brumbaugh, and extinguished the blaze that had been driven up to their door. The damage was considerable, so Brumbaugh decided to return to Grove City to leave the coupe for repairs. He drove up to a local garage, and unloaded the coupe outside the building. This was good luck for the garage owners, but now Dame Fortune deserted Brumbaugh, for the Mercer firemen had not entirely extinguished the embers. Presumably the return trip from Mercer had fanned the ashes, because shortly the car again burst into flames. Grove City firemen had further to go, and this time the damage was complete. The car is practically a total wreck.

## Four Teams In Title Race In Class AA Loop

New Castle, Jeannette, New Kensington and Greensburg Are Undefeated

### NEW CASTLE WILL PLAY TURTLE CREEK

Four school boy football teams remain in the race for title honors in the Class AA conference today. The teams in mention are New Castle, Jeannette, Greensburg and New Kensington. All of the other teams have been beaten or tied. Greensburg was tied once this year and may not be considered in the final analysis.

Severe tests await four of the Class AA teams before the season draws to a close. New Castle will play at New Kensington on November 4 in what looms as the biggest game on the 1933 card Jeannette and Greensburg will tangle, and thereby one of those teams will be eliminated, as such will be the case in the New Castle-New Kensington battle.

New Castle may have a tough customer to crack this coming Saturday when Coach Phil Bridenbaugh leads his big "Red Hurricane" football band into the confines of Turtle Creek for a Class AA combat. Turtle Creek it is understood has been winning for the New Castle game. They may upset the well known and often turned over apple cart.

## New Castle To Get Eliminations

Two Nights Will Be Required To Run Off Amateur Bouts Here

Eliminations in the Beaver and Lawrence counties amateur boxing tournament will be run off November 4 and 7 at Castle bowl, according to Harvey Boyle, state athletic commission representative for western Pennsylvania at a meeting held at the Leslie hotel last night. It is expected that 100 amateurs, novices and experienced, will file their entries.

Those who attended the meeting last night were: Dave Holsner, Ellport; Dick Downing, John Lindner and Joe Lattano of Ellwood City; Dr. J. Mehan, Dr. C. I. Harvey and Ed. Harvey of Beaver Falls; Tommy Leach, Ed. Fritz, Jimmie Dime and B. J. Biondi, state commission representative, of this city.

Eliminations will be held in various sections and the eight champions of the eight divisions will box in the finals at Pittsburgh, according to Boyle. John T. Taylor, Amateur Athletic union commission, Pittsburgh, will conduct the draw here. Boys from any place in Beaver or Lawrence county is eligible to box. Entries can be filed with Harvey Boyle or officials of boxing clubs.

## HERE AND THERE IN SPORTS' LAND

Some of the boys who travelled to the bowl several nights ago believed that Keith Goodballet of East Liverpool would prove just another opponent to George Rocco, first because Rocco won two fistic jaunts with ease and second because Goodballet had dropped a decision to Tony Cerra at Ellwood City. After the first round the writer asked Rocco: "What happened to you?" and Rocco replied that he misjudged the count. It might be appropriate to say at this time that Goodballet is not a scientific fighter but he has more knockouts to his record than any middleweight in this section.

One of the best looking lads hereabouts is Joey Evans and it may come to pass that the Ellwood City 120 pounder may be matched to meet some outstanding opponent. The fans like Joey. He is a stablemate of Ray Atkinson who lost to Gusto Morini. The Atkinson crowd have not yet recovered from the surprise. In fact they believe that despite Monday night's defeat he is Gusto's master. The Morini chap however, does not coincide with these views and being a cocky fighter or believe he can beat Ray any time they meet. Both were wild throughout the fight but when their punches did connect each was staggered.

Gridiron warriors "grow" big in New England, according to reports from Boston which says that Paul McVey, Worcester boy, freshman at Holy Cross college, tips the scales at 235 pounds. He had to wait for practice until a pair of molekicks was made. Milton Hermon, 345 pound tackle, who spent six months in the Carnera stable in Florida as an apprentice fighter will be in the line for the Boston U. Terriers this season.

Out in Joliet convict football players must give up smoking and drinking if they would obtain a berth on the eleven, according to reports. The training orders just issued specifically mention these two vices as banned for candidates. No explanation was offered as to why the coaches banned drinking because that is supposed to be tabooed at the prison whether a convict is a candidate on the team or not.

Washington & Jefferson had to send Al Erlus, end and Jap Reed, halfback to the hospital following their game with Detroit. Erlus received a hip injury and the halfback is out of the game with a bruised jaw. According to Hank Day, the president forwardward, composed of Erlus, Dalrymple, J. Pife, Gray, Massicot, McLenzyer and Headley is one of the best developed in W. & J. history. In three games, against Pitt, Waynesburg and Detroit, the opposition failed to make a single sizable gain through the Red and Black line.

Bazaar, winner of the Hopeful Stakes for E. R. Bradley, yesterday won her first race since taking the Saratoga two year old special as she beat five other juvenile fillies over a muddy track at Laurel, Md., to qualify for the \$10,000 Selma stakes which will be staged Saturday.

## Shenango Prepares For Bessemer Game

Coach Ed Raney Pointing His Team For One Of Hardest Tilts Of Season

With a squad containing no injuries, a rather unusual situation for a coach to admit before a big game, Coach Ed Raney of the Shenango Township High school is preparing his team for the game with Bessemer High on Friday afternoon at East New Castle.

The game with Mercer last Friday developed a few weak spots that are being bolstered. Some of the forward passing attack is being changed to work out some new combinations, and a lot of skill practice has been indulged in.

Shenango has a surprisingly good team this season. After losing eleven letter men last year, Raney was ready to toss in the towel. At the beginning of the season he was hard put to work out a combination that would click, but he has done it and the team this year while lacking a little of the line power of last year, has developed a shifty attack that has puzzled opponents.

Against the giant Mays team the line showed particularly well.

Coach Frederick at Bessemer is just as busy as is Raney at Shenango. Both of them have their vision adjusted to a possible Class B championship of the county, but both of them can see the Union Township team looming up in their path.

## Coach Amos Is Not Satisfied

Grove City College Football Coach Will Continue To Shift Players Around

GROVE CITY, Oct. 18.—Coach Bill Amos dispelled any notions his Grove City College players might have that they are good, at a brisk drill yesterday when he pointed out glaring faults they had shown in winning from Edinboro. In outlining a strenuous week of work, he pointed out that Grove City has not yet faced a Conference rival, and that the real test will not come until the last half of the season.

Amos' first assignment of the week was to delegate half a dozen ambitious place-kickers to a long drill, in an effort to develop one Grove who can be depended upon for a creditable performance. In two games Grove City has scored ten touchdowns, but only one extra point has been added. It was a forward pass, and the Grover kickers have failed nine times to convert by a placement kick. Yesterday, Smith, Alexander, Gross, Oris and others were given needed practice in this line.

Waynesburg's triumph on Saturday is expected to do a great deal toward bolstering their morale which makes Geneva's task appear a great deal tougher than it would have seemed some weeks ago.

On the other hand Geneva's morale is likely to be enervated if Cliff Aultman and Howdy Campbell, the injured regulars, return to the club in time for use Friday. Aultman was rendered hors-de-combat in the Wesleyan struggle. Campbell in the Thiel fray.

The Geneva Alumni have chosen Friday's game to feature their home coming day festivities. They will banquet prior to the game and then parade to the scene of the contest.

The Beaver Falls High band has linked forces with the Geneva band for this game and together will present a 100 piece outfit.

WILLIAM STAPLES  
Bill Staples, Butler, a member of the Westminster College football team for this year. Staples has played fullback on Titan eleven for the last three seasons. He is considered one of the best defensive backs in the Tri-State district.

## GENEVA HOPES TO DEFEAT 'JACKETS' AND WIN TITLE

BEAVER FALLS, Oct. 18.—Imbued with confidence derived from an untied and undefeated record to date, the Geneva College gridgers confident that they can regain the Tri-State Conference championship when they oppose the Yellow Jackets of Waynesburg at Reeves Stadium here Friday evening. The Geneva record at this time numbers victories over California Teachers, West Virginia Wesleyan, Thiel and Westminster.

In 1930 Geneva won the conference crown with Howard Harper once crown with Howard Harper and Don Lovewell, the current Tech mentors, at the helm. In 1931 the club repeated but last year Waynesburg beat Geneva 6-3 in an Armistice Day clash at Uniontown and by so doing relieved the Covenanters of their two year grip on the title.

Jimmy Robertson and "Gus" Schmidt, successors to the Harper-Lovewell duo, realize that nothing will please the fan here more than regaining the lost laurels. So far they have brought the club along at a satisfactory gain. Waynesburg on the other hand exhibited poor form up until last Saturday when they displayed plenty of power in mowing down the Bethany Bisons 49-0, in a Conference encounter.

Waynesburg's triumph on Saturday is expected to do a great deal toward bolstering their morale which makes Geneva's task appear a great deal tougher than it would have seemed some weeks ago.

On the other hand Geneva's morale is likely to be enervated if Cliff Aultman and Howdy Campbell, the injured regulars, return to the club in time for use Friday. Aultman was rendered hors-de-combat in the Wesleyan struggle. Campbell in the Thiel fray.

The Geneva Alumni have chosen Friday's game to feature their home coming day festivities. They will banquet prior to the game and then parade to the scene of the contest.

## TITAN-THIEL GAME SHOULD BE TOSS-UP

Both Conference Rivals About Equal For Game At Greenville

(Special To The News)  
NEW WILMINGTON, Pa., Oct. 18.—If there is one "natural" among college football games for the season, it is the Thiel-Westminster contest scheduled for Greenville on Saturday. Both conference rivals will be out to win the first contest of the season, and since both teams are equal in ability the contest should be one of the most interesting in the district.

Thiel has lost to Geneva and Slippery Rock, while the Titans have lost to Slippery Rock, Geneva, and St. Bonaventure. Comparative scores mean nothing, but if they do show that Thiel was stronger than Westminster against Geneva, losing by a 20-6 score while the Titans lost 13-7 while Thiel lost 13-0.

Thiel has a few more men available than Westminster, which should give the Lutherans a slight advantage. The Titans have the smallest squad in the district and a few Westminster players will be out because of injuries.

Coaches Stoebber and Lawther are both priming their men for the contest. A large delegation of Westminster students will attend the game, and the Westminster band, directed by Professor Donald Cameron, will journey to Greenville for the contest.

## Union To Play Mars Friday

Sixth Game On 1933 Program Will Find Union High Playing At Mars, Pa.

Union high school football team will be away this week-end, playing Mars high at Mars, Pa. Friday afternoon. Coach Dave Boyd is drilling the Unionites for a victory at Mars.

If Union comes through with the offensive attack that earned them two touchdowns against Grove City last week, the Mars team is going to find the going tough. Union has a fine defensive team, but the offense is rather weak. With Morrison and Todd the threat men in the Blue and White backfield, Coach Boyd will build his intricate plays around this pair. Schaeff has replaced Georger at fullback and Georger on the line.

## Local Pugilist Leaves Hospital

## Three Titans Are Injured

(Special To The News)  
NEW WILMINGTON, Pa., Oct. 18.—Scrimmage sessions at Westminster college on Monday and Tuesday afternoons revealed the fact that three regulars are on the injured list and will not be available for the Thiel game at Greenville Saturday.

Walter Young, first-string guard, is still in the Jameson Memorial hospital, New Castle, where he underwent a minor operation on his leg. Young will not be available for grid work until November, possibly getting in shape for the Grove City game at New Castle on November 4.

Peter Leyshock, Parrell, end and halfback, was injured slightly in the first quarter of the Geneva game last Friday night and has been unable to report. Leyshock should be able to report to the squad by next week.

Dick Watt, end, was also injured in the first half of the Geneva game Friday night and has not been able to report. Trainer Jack Hulme believes that Watt may be able to play Saturday, but it is not certain that the Struthers had can get in shape before next week.

## Mushball Dinner Plans Are Made

The date of the banquet is Thursday evening, October 26. The starting time will be 7 o'clock. The price per plate will be but fifty cents. Tickets are being printed and will be given to each of the managers.

It is hoped that at least 50 or 75 of the East Side Mushball league players and fans will attend this dinner. There will be a speaking program and music will be provided.

## Report Anderson In Last Season At Notre Dame

(International News Service)  
NEW YORK, Oct. 18.—Even if he wins every game, which doubtless he won't, Mr. Heartley "Hunk" Anderson's number is posted out at Notre Dame, effective at the close of the current football season. He will be succeeded as head coach by Noble Kizer, of Purdue, with an outside possibility that "Clipper" Smith of Santa Clara, is to inherit the position and, with it, the haphazard abuse that is bound to be visited upon any man who tries to carry on a tradition that died with Rockne.

## Snake May Have Been Lulled To Sleep By Sermon

(International News Service)  
LAUREL, Del., Oct. 18.—During a recent Sunday morning service, a seven-foot blacksnake crawled into the pulpit occupied by the Rev. Lee Elliott, pastor of the Shiloh church here.

Unaware of the reptile's presence, Dr. Elliott delivered a lengthy address. The snake apparently found solace in the pastor's preaching, for it curled up and went to sleep.

At the end of the sermon, a member of the congregation who had noticed the snake slide into the pulpit, approached the pastor and asked:

"Are you afraid of snakes?"

"I certainly am," was the reply. "Well, there's one in your pulpit," said the parishioner.

The Rev. Elliott took one look and beat a hasty retreat.

Unsettling Factor Of Market  
Is Sharp Decline In  
Power Production

UNDERTONE OF  
MARKET FIRM

By LESLIE GOULD  
International News Service Financial  
Writer

NEW YORK, Oct. 18.—The stock market turned reactionary today on profit-taking induced by yesterday's sharp rally.

An unsettling factor was the sharp decline in steel and power production for the week.

Steadiness in commodities was a supporting factor. The knowledge that the government would buy further large quantities of wheat helped bring a firm tone to all grains except rye. Cotton held yesterday's spurt of \$1.50 a bale.

The dollar weakened further against foreign currencies, falling under 40 cents gold.

U. S. Smelting gave up 4 points easily while National Distillers was weak. U. S. Steel lost nearly 2 points before support appeared.

The rest of the market followed these leaders, but little liquidation developed and the undertone was firm.

Wheat went into a fresh rally shortly after the opening, rising a cent a bushel.

Atlantic Refining's good earnings report helped the oil list, which resisted selling well.

Mining stocks were erratic while gold stocks were lower.

The liquor shares were lower. Steels followed steel common down, dribbling selling coming into the group on the sharp drop in the industry's operations.

Utilities paid little attention to the decline in the week's power figures. Automobile shares met considerable profit-taking, while rails were generally easy.

Pool favorites like Celanese, Johns Manville and Commercial Solvents were down with the rest.

Reserves Here Yes-  
terday

ELLWOOD CITY, Oct. 18.—Passes spelled defeat for the Ellwood City High Reserves yesterday afternoon at Lincoln field when the Beaver Falls High Reserves won 14-0.

The first touchdown came early in the first quarter when Copozal passed to Olack for 15 yards and a touchdown. Sincar bucked the line for the extra point.

The other score came late in the third quarter when Sincar intercepted an Ellwood pass and raced 30 yards for a touchdown. Sincar's try for extra point by placement was good making the score 14-0.

The first downs were even at four apiece. Beaver Falls completed two passes out of five attempts and Ellwood one out of six.

## Beware The Cough Or Cold That Hangs On

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, and attacks the seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis, and is excellent for building up the system after colds or flu. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion.

## Pittsburgher, At Lions Club, Asks Relief For Blind

Blind School Officer Lauds  
Proposed Amendment;  
Seeks Voters' Help

Declaring that "county homes are no place for blind persons to be sent," Guy Nickeson, Pittsburgh, assistant superintendent of the workshop maintained by the Pennsylvania Association for the Blind in that city, urged the approval of the proposed blind relief amendment to Pennsylvania's constitution in November as he spoke Tuesday before the Lions club here.

The speaker, knowing well that his message was being delivered to a group whose major interest lies in blind work, asserted that his plea was directed mainly to the friends of Lionism and the blind, and he urged the Lions to speak for the amendment's passage wherever they go.

The proposed amendment, the first among a group of constitutional questions, is an enabling act which would permit the governor and legislature, should they see fit, to establish a reasonable pension for blind folks.

"It is not because we want the blind to live in pomp and splendor

that we say they are misfits in county homes," continued Mr. Nickeson, "but it is no place for sightless persons to be. The poor—even the aged poor—can enjoy themselves in different ways while the blind must pass their time in dull idleness."

The workshop director said that there are 8,500 blind persons in Pennsylvania today. He said 163 of these are educating themselves in various ways at the Pittsburgh school which he represents.

Mr. Nickeson gave over a large part of his address to a description of the blind work carried on at the Pittsburgh institution.
